

Tudor Grange Primary Academy Langley

Accessibility Plan

At Tudor Grange Primary Academy Langley, we are committed to providing an environment that enables full curriculum access that values and includes all students, staff, parents, carers and visitors regardless of their educational, physical, sensory, social, spiritual, emotional and cultural needs. We take full regard of the Equality Act 2010 with regard to disability and to developing a culture of inclusion, support and awareness within the Academy.

Schools are required under the Equality Act 2010 to have an accessibility plan. The accessibility plan contains actions to:

- increase the extent to which disabled pupils can participate in the school's **curriculum**
- improve the **physical environment** of the school for the purpose of increasing the extent to which disabled pupils are able to take advantage of education and benefits, facilities or services provided or offered by the school
- improve the delivery to disabled pupils of **information** which is readily accessible to pupils who are not disabled

The Equality Act 2010 defines an individual as disabled if he or she has a physical or mental impairment that has a 'substantial' and 'long-term' adverse effect on his or her ability to undertake normal day to day activities.

The accessibility plan should be read in conjunction with the Academy's SEN and Inclusion Policy and the SEN Information Report. It is also linked to the Health and Safety policy, the Equality policy and the Supporting Pupils with Medical Conditions policy. The plan will be made available online on the Academy website and paper copies are available upon request. It will be reviewed every 3 years and will be approved by the local governing body.

Current Good Practice	Target	Tasks	Timescale	Responsibility	Desired outcome
Curriculum					
Engaging and differentiated curriculum for all students.	Explore use of technology to support access to the curriculum.	Priority for use of technology as required for students with disabilities. Invest in software and additional laptops/tablets as needed.	As required	SENDCo SLT Curriculum Leaders IT support	Access to appropriate technology for all disabled students to enable easier recording of information and knowledge.
