

Mathematics

As mathematicians, we will be using our understanding addition and subtraction. They will then move on to 2D and 3D shape.

Reading

We will be studying the book called 'Leaf' by Sandra Deickmann. This story is all about kindness. We shall focus on retrieval, inference, prediction and sequencing.

Writing

As authors, we will be able to write a set of instructions based on a bird feeder. Then, they will write a postcard based on Meerkat Christmas.

Science

As scientists, we will explore how living things live in habitats to which they are suited and describe how habitats provide the basic needs all animals and plants.

Physical Education

As athletes, we will be learning a range of ball games with our PE coach. For indoor PE, our focus will be doing a dance where they will learn a routine based on the Great Fire of London.

Geography

In Geography, the children will compare the different polar regions. Also, we shall analyse the difference geographical features between the UK and Kenya.

Religious Education

As theologians, we will be focusing on the religion of Christianity. They will learn the importance of Christmas to Christians and know the Nativity story.

Year 2 Autumn Term 2 Curriculum Overview

Design Technology

The children will be learning how to secure different fabrics using a range of stitching techniques. They will design and create a Christmas decoration.

Personal, Social & Health Education

Celebrating Difference unit will enable the children to understand how everyone is unique and how we can respect differences.

Computing

They will recognise that different devices can be used to capture photographs and will gain experience capturing, editing, and improving photos. Finally, they will use this knowledge to recognise that images they see may not be real.

Music the Animals

They will explore ways that the composer – Camille Saint-Saëns – has used instruments, rhythm, articulation, tempo, and pitch to create pictures of the animals in our imaginations.

Carnival of
